WEEKLY WEATHER BULLETIN

Of the Missouri Experiment Station at Columbia for the Week Ending Last Monday

The spring of 1907 goes on record as the most advanced of any similar season in Missouri during the past twenty years. April opened clear and cool, following a March that was phenomenal for its warmth, number of sunshiny days and generally favorable conditions for all farm work and plant growth. While the mean temperature and precipitation for the week ending April 8th was very nearly normal for the state as a whole, a number of the correspondents say that the weather was rather cool for best results, following so closely upon the recent abnormally warm spell.

On April 1st heavy frost occurred over the northern and central portion of the section, and throughout the southern portion on the morning of the 2nd. Minimum temperatures ranged from 34 degrees to 28 degrees, a few stations in the Ozark region reporting a minimum temperature of 24 degrees. There was much damage done in the extreme southern and southeastern counties, owing to the unusually advanced season, but north of the Missouri river the damage was light.

The first half of the week was dry, but moderate to good rains fell during the 6th and 7th, giving ample moisture for present needs, except in a few southwestern counties. There were no high wind storms during the week.

Thousands Have Kidney Trouble and Don't Know it.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also

convincing proof that the kidneys and bladder are out of order.

What to Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and \$1. sizes.

You may have a sample bottle of this wonderful discovery and a book that tells more about it, both sent absolutely free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.
